**RESPONSE TO ELECTION/RESTRICTION REQUIREMENT**

Dear Sir:

In response to the election/restriction requirement set forth in the Office Action mailed February 10, 2005 (Paper No. 02072005), Applicant hereby provisionally elects claims 1-9 for continued examination with traverse.

In the election of species requirement, the Examiner indicates that the application contains two patentably distinct species (I and II) of the claimed invention. The Examiner then required Applicants to elect a single disclosed species for prosecution on the merits.

According to M.P.E.P. § 806.04(f), claims to be restricted to different species must be mutually exclusive (i.e., claims to be restricted to different species must recite the mutually exclusive characteristics of such species).

In the present case, all of the claims, including claims 1-9 (Species I) and claims 10 (Species I) and claims 10-27 (Species II), relate to a reflective liquid crystal display device, and claims 10-27 further include first and second black matrices. Accordingly, Applicants respectfully submit that Species I and II are not mutually exclusive.

For at least this reason, Applicants respectfully request that the Examiner withdraw the present election/restriction requirement and prosecute claims 1-27.
